

Vision Point Systems Celebrates its 5th Anniversary

Blacksburg, VA. October 17, 2007

Vision Point Systems, Inc. is proud to celebrate five years of operation as of October 17th. With offices in Blacksburg and Fairfax, Virginia, the company provides technology and engineering consulting services to a wide variety of clients. Its list of clients include the Naval Surface Warfare Center in Philadelphia, PA and Carderock, MD, the Naval Research Lab in Washington, D.C., Celgene Corporation in Summit, NJ, and Empire Merchants in Brooklyn and Queens, NY.

Vision Point Systems earned \$3.7 million in revenue in FY 2006, and continues to grow. The company is currently hiring mechanical and materials engineers for its Fairfax office and is seeking to hire consultants for its planned New York metro office.

Vision Point Systems specializes in telecommunications consulting, custom software development, quality assurance process management, and corrosion engineering. Our talented consultants and engineers thrive on working with clients to gather requirements, designing a sound but economical system, and implementing a quality solution. Founded by Yong Lee (CEO) as YL Comm, Inc. in 2002, the company headquarters is located in the Virginia Tech Corporate Research Center in Blacksburg, VA.

As Vision Point Systems looks toward its next 5 years, the company is taking steps to grow its reputation as a solution provider in the telephony space and assume the role of market leader in the mid-Atlantic region.
